

Neighborhood Challenge!

You and your neighbors are hereby **CHALLENGED** to create the most wildlife friendly civic association in Arlington!

It's as easy as one, two, three...

1. Make sure your property provides the habitat basics: *food, water, shelter, and places to raise young*
2. Certify your property with the National Wildlife Federation at www.nwf.org by September 30.
3. Pat yourself on the back—top civic associations will also be recognized by the County Board and be eligible for prizes.

To request a resource packet or for more contest details, contact the Arlington Community Wildlife Habitat project : 703-228-6427 or www.arlingtonenvironment.org
